

Indexing table 150 T4 - Vipa S7 division 4 - Ø500

Rotary Index Table for fitting with customers jigs model "150-T4" with pitch 4 (4 stations x 90°). The advantage of this modular table is a higher capacity in pieces per hour, as charge and discharge can be done parallel to the printing process.

Technical description:

- Table diameter mm: 500
- Pitch: 4 x 90°
- Indexing time: 0,68 sec.
- Repeatable accuracy for a diameter 400 mm: +/- 0,032 mm
- Weight/station max: 2,7 kg
- Drive: electro-mechanical
- Control: VIPA, S7 compatible
- Control voltage V/DC: 24 (from printing machine)
- Motor: 3 x 230/400 V/ 50 Hz
- Connected load: 0,12 kW
- Power supply: 230 V 50 Hz
- Dimensions of cabinet mm: W500 x H500 x D210
